# *The Revealing Word* & *The Metaphysical Bible* by Charles Fillmore

**“For the metaphysical Bible student, two books are essential:**

Unity's *Metaphysical Bible Dictionary* and *The Revealing Word*.

Whereas the *Dictionary* gives the metaphysical meaning of the names and geographical locations in the Bible, *The Revealing Word* provides the metaphysical meaning for concepts, words, animals, characteristics, and objects. It is an invaluable companion to the *Dictionary*. Want to get excited over the Bible? Purchase these two books and settle in for years of fascinating study. Ministers, these are excellent resources for adding depth to your sermons. The Scriptures come alive in ways not afforded by the traditional surface exegesis!”

— Rev. Nancy Detweiler (from the Amazon.com website)

**Both books are available through the Christ Unity Church Bookstore — “lower level” in the Unity Café. You’ll find many other fine metaphysical texts there too!**
